

ActionListener

```
classDiagram
    class ActionListener
    class controlador["controlador.ControladorListaZonas"]
    controlador --|> ActionListener
```

The diagram illustrates a class inheritance relationship. At the top is a white rectangular box with a thin black border containing the text "ActionListener". Below it is a gray rectangular box with a thick black border containing the text "controlador.ControladorListaZonas" on two lines. A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that "controlador.ControladorListaZonas" inherits from "ActionListener".

controlador.ControladorLista
Zonas
